

FLP NS-1200

18" Subwoofer Cabinet

The NS-1200 subwoofer cabinet provides the needed protection for your subwoofer unit. NS-1200 ensures that the subwoofer is shielded from any wrecking during installation, touring and in daily usage. Made from rough and high quality plywood material, user can be assured that the cabinet is durable and long lasting. The NS-1200 can be loaded with any subwoofer as long as it fits the cabinet requirement. Being designed as a cabinet, the NS-1200 will not distort the sound reproduction of subwoofers installed in it. Being highly durable it is suitable in various venues such as cinema, auditorium, theater, stadium and concerts.
