

FLP-BS-301W

Waterproof Box Speaker

Design to blend with the environment, the BS-301W total size of 120x120x60mm will definitely avoid gazes from the public. Small yet able to reproduce crisp quality sound, this speaker is suitable for boutique shops, café and lounges where the sound produced complements the ambience. With a frequency response of 400Hz-10kHz and a power rating of 3W, the BS-301W is capable of being a part of the background music speaker system or a public announcement system. Adding BS-301 into your speaker system would definitely be a perfect addition. It comes in white finish ABS panels.
